

OMS Athletics Check List 2017-18

For those interested in playing a fall sport (cross country, football and volleyball), the following is a list of forms which need to be completed and turned into the middle school office on or by the first meeting date. **The first day of practice for football (equipment handout) is the first day of school (August 29). Volleyball and Cross Country will also start the first day of school (August 29).** All the items below need to be completed and in before your child will be allowed to practice. If your child will not be playing in a fall sport but will be participating in a later activity, it is still a great idea to turn these forms in before their season begins.

1. _____ An **Osceola Middle School Athletic Code** must be read and signed by both the parent/guardian and the student athlete.
2. _____ **Physical card** (green) must be signed by a doctor and is good for two years. An **alternate year card** (tan) can be signed by a parent if the athlete had a physical the previous year.
3. _____ Parents/Athletes must read the concussion information forms and sign and return the **Parent/Athlete Acknowledgement Form**. More information and a short video can be seen at www.wiaawi.org by clicking on the health link and concussion information.
4. _____ **Osceola Medical Center Informed Consent and Release Form**. This allows permission for the athletic trainer to work with your son/daughter.
5. _____ **Consent to Medical Treatment and Release of Information**. Read and signed by parent/guardian.
6. _____ Athletic fee per sport is **\$50**. **There is a \$100 cap per year for individuals and a \$200 cap per year for middle school families**. Please make checks out to OMS Athletics. If this is a hardship for your family, please contact Dr. Styles at 715-294-4180, ext. 3010.

All forms can be found on the school's website (www.osceola.k12.wi.us) under the OMS Athletics tab on the left side of the page. All forms must be turned in to the OMS office before athletes will be allowed to participate in their sport. If you have any questions about which forms your child needs, please contact Mrs. Beckmann in the OMS office (715-294-4180, ext. 3001).

Thank You,
Trevor Scholz, OMS Athletic Director
